Press Release: For Immediate Release

### **Aiken Training Track Looks Towards the Future**

The Aiken Training Track is disappointed by the closing of Darley's local operations. It has been a great seven year association, where Darley has produced such great Stakes horses as Midshipman, Alpha, It's Tricky, and many more. During our seventy-four year existence, the Aiken Training Track has developed 40 Champions and multiple Classic winners, including Summer Squall, Palace Malice, Sea Hero, Pleasant Colony, and Swale.

Uncountable changes have occurred during our distinguished history, including the participation and departure of such outfits as Greentree, Firestone, Buckland, Spring Hill, Rokeby, Vanderbilt, Freeman, Paxton, Stonerside, Hirsh, Claiborne and Buddy Raines... We have continuously adapted to all changes to maintain a vibrant and healthy world-class training center. We currently have horses training here from all over the United States and Canada.

We we will certainly miss Darley and wish them continued success. We will invite new owners and trainers to become part of the great Aiken Training Track legacy and are looking forward with great anticipation to a healthy and flourishing future.
